NONPROFIT WEB SERIES

Nonprofit is about a girl on a mission in America's whitest city. It's centered on the story of Gabby Antonio - a quirky, spunky, and idealistic Filipina American that is just beginning her career as a community organizer. The series follows Gabby and her coworkers at the local nonprofit organization, Asian Pacific Islanders in Solidarity & Alliance (APIISA), as she learns that being in the business of "doing good", particularly as a woman of color, may not be as effortless as it seems.
